FXL400XQTW

architectural quality, superior features and mounting options at competitve prices.

Color: White

Technical Specifications

Listings

UL Listing:

Suitable for wet locations. Suitable for ground mounting

Construction

Housing:

Precision die cast aluminum with Wall Bracket, Trunnion or Slipfitter.

Reflector:

Anodized aluminum. Field adjustable beam spread.

Lens Frame & Glare Shield:

Precision die cast aluminum. Hinged for easy access. Phillips head screws for added security.

Finish:

Our environmentally friendly polyester powder coatings are formulated for high-durability and long-lasting color, and contains no VOC or toxic heavy metals.

Lens:

Weight: 36.8 lbs

Thermal tempered shock resistant glass, 3/16" thick.

Lens Gasket:

High temperature one piece molded silicone set in die cast retaining groove. Remains in place during relamping.

EPA:

Maximum EPA 2.0.

Electrical

Socket:

HID Porcelain 4kv Pulse Rated socket with nickel plated screw shell CFL Plug in type, GX24q-4 base.

Other

Patents:

Pat. D552,282

Country of Origin:

Designed by RAB in New Jersey and assembled in the USA by RAB's IBEW Local 3 workers.

Buy American Act Compliant:

This product is a COTS item manufactured in the United States, and is compliant with the Buy American Act

Recovery Act (ARRA) Compliant:

This product complies with the 52.225-21 "Required Use of American Iron, Steel, and Manufactured Goods-- Buy American Act-- Construction Materials (October 2010).

Trade Agreements Act Compliant:

This product is a COTS item manufactured in the United States, and is compliant with the Trade Agreements Act.

GSA Schedule:

Suitable in accordance with FAR Subpart 25.4.

FXL400XQTW

Integra hood glare shield for friendly lighting when properly aimed

Silicone gasket for durable weatherproofing & easy relamping

Precision die cast aluminum housing and lens frame with durable polyester powder coating

Anodized aluminum reflector

Mogul base 4kv pulse rated socket

Two field adjustable socket positions allow fine tuning of beam spread

Fins for heat dissipation extend lamp and ballast life
